## Advice Preparation and Implementation Fee

Prior to the provision of personal advice, we will agree on the preferred fee payment option for services. Where we are aware that you are investing with borrowed funds, we will charge a flat dollar fee.

Fee options include:

1. Time based charging – the fee for our advice is calculated on the time we spend developing and implementing the Plan. Our hourly rate is \$220 per hour inclusive of GST, with our advice preparation fee ranging from \$0 to \$20,000 inclusive of GST. The price can vary depending on the complexity of the advice and we will provide you with an estimate of the overall cost.
2. Service Based Charging – fee based on a fixed price agreement. This amount will vary based on the complexity of the advice.

## Ongoing Service Fees

Our ongoing service fees vary depend on scope and complexity and range from 0.29% p.a. to 1% p.a. of the portfolio value inclusive of GST. Should you require additional services outside of the agreement with your adviser, an amount of up to \$220 per hour may apply.
